Dear [redacted]

Per our telephone conversation of March 10, 1982, I am forwarding the panel's summary sheets as well as our work sheets on all 35 A-E firms evaluated. The panel prepared comments on its top 11 ranked firms. Handwritten comments can be found on the second page for the four firms [redacted]

I have only kept a copy of the summary sheet and you will have the balance.

Sincerely,

CLAUDE G. BERNIER
Deputy Director
Design and Construction Division
